- For hosting purposes, the minor category will switch from 3 zones (North, Central & South) to 2 zones (North & South). The location of the events will rotate between the areas in the opposite zones. The dividing line being Davidson.

REASON FOR CHANGE/ADDITION:

Current dividing line of Davidson doesn't divide the eligible hosting towns fairly. Generally there are more communities in the North zone, so the opportunity for North zone communities to host takes longer in the rotation than in the south.

EXACT WORDING OF NEW ITEM/ADDITION: Include any sections which need to be deleted as well. Please ensure that all bylaws which may be affected are included.

For hosting purposes, the Minor category will be 2 zones (North and South). The location of events will rotate between the North and South. The dividing line will be reviewed annually and will be based on the location of participating communities in the prior year, combining gender in each category, dividing equal numbers of communities between North and South, and in the event of an odd number, the most central community will be added to the hosting zone. or a regular Rotation of All Teams That wish to Host the Provincial Events.
