President's Message

Welcome back, the season is just around the corner.

This summer the SBA office was very busy. We sent out a survey to help us work on the strategic plan that was mandated by Sask Sport and the membership. The response was less than expected, but did give us a foundation to start the process. With the guidance of Patti Kelm we were able to establish the SBA's vision and mission statements. We were able to identify the Association's values, target groups and strategic outcomes. The working group spent a day analyzing the survey responses and I feel they did a great job of representing those responses in the overall strategic plan. This process is a work in progress and should always be changing. So the feedback from the membership is always valuable and welcomed.

The SBA received some sad news a few weeks ago. A member of the SBA, Brad Dmuchowski, who enjoys playing and officiating the game was involved in a serious boating accident. Brad and his daughter were seriously injured. Our prayers and support from the SBA goes out for their speedy recovery.

The start of the season is a snowflake away and the leagues are gearing up for the challenge. I anticipate a strong year for the Association and our members. Good luck to all and enjoy the unique game of Broomball

Don Gray
SBA President

Broomball Moves Forward with Community Sport Program

The first weekend of June was the second big step in the NCCP transition for the Canadian Broomball Federation.

A team of 10 passionate broomball experts gathered in Ottawa to take the next step in the NCCP transition and produce the template for a Broomball Community Sport program. By doing so, this group wants to get new participants into this fascinating sport. The program will be called: Broomball for Fun or BF2. Did you know that, Broomball, Ringette, and Lacrosse are three original Canadian sports?

This group, now called the Broomball Task Force, includes members from across the country. There were also members from the IFBA (International Federation of Broomball Associations). They came up with the outcomes and criteria and a template for the BF2, program. They would like to thank the Canadian Ringette Federation for generously lending them their community sport program for consultation. That gave them a foundation and made their work much easier.

It was a very productive initiative from George Brown V.P. Technical of the Canadian Broomball Federation. He was a key stakeholder in this project and will lead the pack into a Context Approval Process (CAP) in September.

"Sport For All Raffle"

LICENSE #L04-0442

The Saskatchewan Broomball Association held its annual "Sport For All Raffle" draw on April 15th, 2005. Once again terrific prizes, dedicated seller groups, and generous sponsorship made the raffle a success.

The raffle aids in development of Broomball throughout the Province by providing funding for promotional clinics and programs; minor player development; tournaments, provincial, and national competitions; coaching programs; officials development; Aboriginal development; member programs and league development. These are just some of the projects S.B.A. is able to operate as a result of raffle funds.

Thank you to everyone who participated in this year's raffle, your support has been greatly appreciated.

Masters Provincial Championships

March 12, 2005

Odessa, SK.

This year's event had three teams participating in a round robin format. Each team was guaranteed two games with no playoffs. Unfortunately due to the calendar this year and an early Easter Weekend, we had to move up the tournament to the March 12 weekend. The Non Contact and Contact Provincials took its toll on the usual participants of this event and caused a much smaller draw than was anticipated. Next year, the event will be operated on its usual weekend (after all other events have been completed). We look forward to seeing more new (old) faces next year.
